Brookings-Harbor High School ASPIRE Program Seeks Volunteer Mentors for 2018-19

FOR IMMEDIATE RELEASE - April 17, 2018

BROOKINGS, Ore. — Opportunities to make a real difference in our world are seldom as easy as being a mentor for young people. The ASPIRE program is one way that you can have an impact on an individual's future success.

The students at Brookings-Harbor High School are in need of adults who are willing to spend a few hours a year providing assistance with planning their high school class choices to align with a plan for their post secondary education as well as the process for applying for college and financial aid.

Students benefit greatly when they have the chance to speak with a caring adult who is willing to look at all possibilities for post secondary education. The ASPIRE program welcomes adult mentors with a variety of school and professional experiences. Apprenticeships, technical schools, community colleges, universities and military careers are all options that can be explored depending upon the individual student's aptitude and interests.

To qualify, potential ASPIRE mentors for the 2018-2019 school year must apply by May 31 and have a background check. Training is available online and support is provided in the Bruin Career Center at Brookings-Harbor High School for all mentors.

Cara Dailey is the Mentor Coordinator at BHHS and is available in the Bruin Center at the high school as well as via phone (541) 525-2969 or email at carad@brookings.k12.or.us.
