Brookings-Harbor Voices School Safety

Hi, this is Sean Gallagher – Brookings Harbor School District 17C Superintendent here to remind you that the start of school for K-12 students is right around the corner. Classes start for most students on Tuesday September 6th, some will start soon after, please check each schools website for further details.

In regards to student safety peak travel times will be before morning classes, during lunch time, and after school. We ask that drivers avoid the school area during these times unless they are dropping off or picking up a student. The first couple of weeks are always the most dangerous times for students until everyone gets into their daily routines. Sometimes it takes time for those safety lessons to become habit.

Other safety situations that we would like to remind the community of are:

1. If visiting a school, always check in to the front office clearly stating your business, office staff are very helpful and can guide you through any required protocols;
2. Be observant, if you see a situation that may be unsafe, please don't hesitate to contact the school district office at 541-469-7443 and report it;
3. Please don't park where busses are either picking up students, or dropping them off. This will help to alleviate congestion and allow the busses to stay on predetermined schedules;
4. Remember that students may be on foot throughout the community at any time of day. Motorists need to be watchful for them at any time.

I would personally like to thank the community for their continued support of our district programs and helping to keep students safe. Remember, that only together can we ensure that Every Student Can Succeed here at Brookings-Harbor School District.

Again, thank you to everyone for their continued support and remember, that only together we can ensure that Every Student Can Succeed here at Brookings-Harbor School District
